CIVICS ESTIMATE

(Continued from page one.)

will have one of the most corrupt administrations that can be imagined. The prosecuting officer of this Territory knows what Brown is," he added.

It was pointed out mildly that Attorney General Andrews, who was thus quoted as having probed the depths of the Brown infamy, is the head and front of the organization which is pledged to the support of Brown.

Richards side-stepped and feinted at the Republican party generally.

"Anyway we cannot be beaten," he said confidently. "If we only get ten votes we will win a great moral victory."

Whether Governor Carter will be satisfied with a moral victory of ten votes did not appear, but it was reassuring to learn that this is all the Civic Federation expects.

BENNINGTON'S MEN ON TOUR

SIXTY OF THEM START AROUND THE ISLAND TOMORROW UNDER DIRECTION OF C. BELLINE.

About sixty of the men of the U. S. S. Bennington start on a three days' tour of the island tomorrow. They will go in work wagons and tallyhoes under the direction of Charles Bellina of the Club Stables. The start will be made early in the morning. The party will camp tomorrow night at Kahala on the Koolau side of the island, camping outfit and necessities being carried along in a wagon especially for that purpose.

The second night the party will camp a little to the north of the village of Waiakoa, where Mr. Bellina, who is thoroughly familiar with the route, has picked out a good, camping ground with abundance of water.

The return to Honolulu will be made by way of Waiakoa and the big dam on Friday.

The men of the Bennington have made a number of excursions about this island and will probably be better acquainted with it before they leave, than many who have lived here a life time.

The officers of the Bennington encourage them in these excursions, as it is an exceedingly wholesome way of spending their time, stimulating alike to mind and body, and bringing them back to duty in first class condition.

Charles Bellina has already made quite a reputation among the men of the Bennington as a conductor of sight-seeing excursions.

ATTACK ON THE JURY LAW

OPENING GUN IN HENRY KAPEA'S FIGHT FOR LIBERTY FIRED THIS MORNING.

The first move in the defense of Henry Kapea was made this morning, in the form of an attack on the jury law under which the grand jury which indicted Kapea was impaneled. A motion to quash the indictment was filed by Robertson and Dunne, and the case was set for argument on Thursday.

The motion sets forth the following grounds of attack upon the indictment:

"That the grand jury which purported to find and return the indictment herein was selected, drawn and impaneled under and pursuant to and by virtue of Act 38 of the Session Laws of 1903 of the Legislature of the Territory of Hawaii, which said statute is unconstitutional and void because in conflict with that certain act of the Congress of the United States approved April 20, 1900, and entitled 'An Act to Provide a Government for the Territory of Hawaii,' being chapter 229 in volume 31 of the Statutes at Large of the United States of America, at page 141, and in particular in conflict with Section 87 of the said Act, in that it permits persons other than citizens of the United States to serve as grand jurors; and in this, that it permits the Jury Commissioners therein provided for to judge and determine the qualifications and eligibility of Grand Jurors by mere opinion, unregulated and uncontrolled by any rule."

"That said indictment was not found and returned by any duly constituted or qualified grand jury. And this said defendant is ready to verify."

BROWN USED NO COERCION

CAPTAIN KANAE WAS MISQUOTED BY THE ADVERTISER IN ORDER TO COVER UP HENRY'S BREAK.

Captain Kanoe of the police department complained this morning that the Advertiser had twisted what he said regarding former High Sheriff Brown and the previous county election, in order to suit his own ends.

"A reporter from the Advertiser came to me," said the captain, "and I told him that at the time of the other county election High Sheriff Brown had advised us to vote the straight Republican ticket. He did not threaten us or say that we would lose our jobs. Nothing like that. He did not ask any man how he was going to vote, he gave us advice that is all. As for the present election I am going to vote for Brown, you bet on that."

The police station was on the broad grin this morning over the Advertiser's statement that in the whole police department there were 99 for Henry and 27 for Brown.

"That would be funny," remarked one man. "In the first crowd that were paraded there were forty and of these 38 declared for Brown and 2 for Henry. The two were Billy Woods, the turnkey who afterwards got smashed by Lieut. Leslie for using a foul name, and a police spy who was recently given a job. The Advertiser must have got that mixed up with the 662 grains."

WILL VOTE THE STRAIGHT TICKET

Honolulu, T. H., June 13, 1906.

To the Editor of the Star:

I wish to announce to the public, that I have reconsidered my action of yesterday, in endorsing William Henry for Sheriff and will vote the straight Republican ticket.

C. A. WILLS.

Mr. Wills is a policeman, and says that after thinking the matter over last night carefully, he has decided that his political duty is with the Republican party.
